Animator with a strong background in attention to detail & Organization

OBJECTIVE

Detail-oriented and results-driven professional with a background in animation and graphic designing, currently pursuing Master's in Management with Data Analytics. Seeking to leverage my strong attention to detail, organization skills, creative problem-solving skills and a passion for excellence to excel as a Stockroom Assistant at Paul Smith. Eager to contribute to inventory management, visual presentation, and unique ethos of the brand.

EXPERIENCE

Tekki Web Solutions

Motion Graphics Designer and Video Editor

January 2023 – June 2023

- As a video editor, I managed large volumes of media assets, organizing files, and maintaining the highest quality standards. This organizational skill extends to my capability to keep the stockroom tidy and efficient.
- During my time as an animator, I frequently encountered creative challenges that required innovative solutions. These problem-solving abilities are directly applicable to identifying and resolving discrepancies in stock records.
- In my animation and video editing roles, I collaborated closely with cross-functional teams, including website designers, app and web developers, illustrators. This experience has honed my teamwork skills, which are vital when working with stockroom colleagues and sales teams.

Marshall Machines Limited

2D/3D Animator cum Graphic Designer

February 2020– January 2023

- In my role as a 2d/3d animator, I consistently ensured pixel-perfect precision in animation elements, maintaining the highest quality standards. This attention to detail is essential for accurately handling stock and recording inventory data.
- As a graphic designer, I managed multiple design projects, often with tight deadlines. My effective time management skills will enable me to prioritize tasks and meet stockroom responsibilities efficiently.
- Working in the dynamic field of animation, I regularly adapted to changing design trends and client preferences. This adaptability equips me to respond effectively to evolving stockroom needs & challenges.
